

[API – 1 Day Training]

SERVICE OVERVIEW

The SevOne Data Platform 1-Day API training course is a dive into using the SevOne Data Platform API. Participants will be led through an introduction and multiple script writing activities that cover the most common uses of the API. This course will provide each participant with a demonstrable understanding of the API documentation, functions, and practical use. Following the completion of this course, participants will be well equipped to use the API in a number of different ways, in real world scenarios, to save time and effort in their businesses and jobs.

DELIVERABLE DESCRIPTION

The API Training is comprised of the following course outline:

- The SevOne Database and DOI Model
- REST Basics
- Why REST?
- The Basics
- Reporting
- Automation
- Data Insertion

SERVICE ENGAGEMENT PROCESS

- The start date for the provision of services set forth above shall be scheduled by the parties upon the receipt by SevOne of a customer purchase order.
- After approval, SevOne Training will work with the customer to schedule the dates for training to commence.
- There will be a pre-call with SevOne Training, no later than one week in advance of the engagement to discuss the delivery method, a list of attendees, and the desired outcome(s).
- After this call, SevOne Training will provide the necessary technical pre-requisites to setup the customer environment for the training engagement.

APPLICABLE PRODUCTS

- SevOne Data Appliance NMS API

TERMS AND ASSUMPTIONS

- Services will be invoiced upon delivery.
- This offering (TRNG-API-1D) is governed by the applicable terms and conditions available at <https://www.sevone.com/sites/default/files/sevone-professional-services-terms-and-conditions.pdf> (the "Agreement"), the terms of which are incorporated by this reference. Notwithstanding anything to the contrary, if there is a mutually signed agreement (not including any purchase order or similar document) between SevOne and Customer expressly covering the sale of professional services as of the date of this offering, then the express terms of that agreement will govern and will be deemed the Agreement.
- If training will be held at the customer's site, actual cost for reasonable travel and expenses shall be invoiced to customer.
- Scheduling changes or cancellations must be made at least 14 days in advance of the agreed upon start date. Any change that results in additional travel expenses will be billed to the customer at cost, and any cancellation within 14 days of training will be billed to the customer in full.
- All participants must have access to a computer for the lab portion of the training.
- All training delivery will be consecutive days. If the customer will need gaps in the delivery days, 50% daily rate will apply if within the same week and T&E charges for these days will be invoiced back to the customer.
- In order to accommodate maximum material coverage, class size is limited to 12 students.
- Customer shall make necessary personnel and systems available for SevOne's provision of training.
- Customer will make sure that all technical requirements specified for the delivery of training are met prior to the trainer coming on premise.
- SevOne is not responsible for any delays not caused by SevOne, such as network connectivity, and shall count hours worked around such issues. SevOne will bring delays to the customer's attention immediately, and no later than the same day. The customer may then choose to suspend work at the end of a working day.
